A lush green forest with a large rock formation in the background. The foreground is filled with dense green ferns and foliage. The background shows a tall, layered rock wall, possibly a cliff or cave entrance, with some greenery growing on it. The sky is visible through the trees on the left.

ACKNOWLEDGMENT

We acknowledge that we live and work on the unseeded lands of the Wiradjuri people.

We pay our respects to elders past and present and to other First Nations people.

We acknowledge that this always was and always will be Aboriginal Land.

COUNCIL RESOLUTION

10.1.2.2. P&S - 27/06/2022 - IP&R Exhibition Outcomes & Adoption of Documents

22 -114 RESOLVED

THAT Council:

1. Note the Community Engagement Feedback Report, to capture community responses to exhibition of the IP&R documents.
2. Note the Officers responses to the community submissions contained in the attached Community Engagement Strategy Feedback Report and adopt the following Integrated Planning and Reporting documents with minor amendments identified in the Report:
 - a. Community Strategic Plan 2035.
 - b. Resourcing Strategy 2022-2032 comprising the:
 - i. Long Term Financial Plan 2022-2032,
 - ii. Strategic Asset Management Plan 2022-2032, and
 - iii. Workforce Plan 2022-2026.
 - c. Combined Delivery Program 2022-2026 and Operational Plan 2022-2023.
3. Approve the changes to the 2022/23 operating budget and capital works program.
4. Respond to the submissions, providing the parties with a copy of the Community Engagement Strategy Feedback Report.
5. Publish the Community Engagement Feedback Report on the Our Place, Our Future website.

CARRIED

A MESSAGE FROM THE MAYOR

We want to ensure that your needs are at the heart of everything we do!

Councilor Maree Statham
Mayor

I am delighted to present to you the 2022-2026 Delivery Program and annual Operational Plan. Your Councillors have listened to you, our community, and this is our commitment to you that we will continue to lay the foundations for a sustainable future for our area.

You have told us that you want:

- Strong economic growth. That we need to develop our tourism industry and attract new businesses and create job opportunities;
- A strong focus on upgrading and maintaining our roads; and
- That land & housing availability and affordability is important to you.

To do this, we have identified seven focus areas:

1. Housing and land availability and affordability

We will lobby government and develop a Local Housing Strategy.

2. Supporting and connecting our communities.

We will continue to provide quality community programs and work with our to review our Rural Village Plans and develop Urban Village Plans.

3. Retaining our youth - providing educational and skills opportunities.

As we transition for a coal mining economy it is important that we secure the future of our young people with a growing economy that provides employment and education opportunities for everyone. We will work with local education providers and employers to develop opportunities for our youth.

4. Arts, sports and youth precincts

We have identified four key precincts to develop which will improve our quality of life and make the Lithgow region an attractive place to live, work and play:

- Top of Main Street, Bridge Street & Inch Street to Blast Furnace Park.
- Bottom of Main Street, Queen Elizabeth Park, Theatre Royal/Gang Gang Gallery.
- Tony Luchetti, JM Robson Aquatic Centre, Watsford/Conran Ovals, Glanmire Oval, Tennis/ Quoits Courts and Marjorie Jackson Oval
- Endeavour Park

5. Environmental preservation/mitigation (accessible roads, trails, lighting etc.).

Our community and our infrastructure has suffered heavy losses as a result of continual natural disasters in recent years. This has impacted Council's ability to maintain its assets, but it has also highlighted opportunities to mitigate against potential disaster in the future. These opportunities include improving access for our isolated communities such as Wolgan Valley, Glen Davis and Megalong Valley. We will be working to ensure that our remote communities are open and accessible during times of disaster.

6. Improving communication to the community

We will continue to seek new ways of ensuring that we communicate with our community and take you on our journey to a more sustainable future.

7. Improving customer service

You are our most important asset, we want to ensure that your needs are at the heart of everything we do.

But most importantly, this is our place and our future, as your Mayor, I look forward to working together to strengthen our economy to create a sustainable future for the Lithgow region.

A MESSAGE FROM THE GENERAL MANAGER

Mr Craig Butler
General Manager

Council is moving in a new direction with its short - medium term planning. We are developing our planning processes to ensure a rolling program of capital and operational projects and programs which will improve our assets and service delivery to the community.

Under the requirements of the new Integrated Planning and Reporting Framework the combined 2022-2026 Delivery Program and annual Operational Plan will be strengthened to give Council and the community surety in the projects and programs Council will be undertaking.

Working in partnership with the NSW State Government (Department of Regional NSW) Stage 1 of the Lithgow Evolving Economy Program (LEEP) involves the engagement of an expert consultancy with support from a reference group to formulate an action plan which will transition Lithgow from an economy centered around mining and electricity to one that embraces new business and industry.

We are exploring, in partnership with Centennial Coal - Clarence Colliery, Greenspot, the Department of NSW and Water NSW, the development of a major pipeline between Clarence Colliery and Wallerawang to provide a dependable water source to new industries on the former Wallerawang Power Station Site. At an estimated cost of \$30m this pipeline is critical for the attraction of new industries to the Greenspot site.

Council will be extending trunk main infrastructure to the Portland Foundations Site which will pave the way for residential development on the site which, is a burgeoning cultural hub in the centre of Portland.

We have identified a road map for developing our Sporting fields and will actively seek funding opportunities to develop the quality sporting facilities our community deserves. Building infrastructure to attract major sporting events and inject tourism dollars into our community is a costly expense. By planning ahead and developing "shovel ready" projects we can be nimble and take advantage of government stimulus projects and grant funding opportunities presented to us.

Recent natural disasters and the COVID 19 pandemic have taken their toll on Council's infrastructure and resourcing. In the coming months we will be having some tough, but honest conversations with our community. We will be:

- Seeking your support or otherwise for the proposed Special Rate Variation:
 1. Support for reduced service levels/No increase to rates above rate peg.
 2. Support for improved service levels/Increased rates.

These options will have widely varying impacts on our service levels however, in order to secure a sustainable future for the Lithgow LGA, we need to consult with you on your willingness to pay for increased maintenance and renewal of infrastructure assets, for example:

- Transport (sealed roads, unsealed roads, footpaths, cycleways, bridges and road drainage)
- Stormwater Drainage
- Buildings

While Council will continue to take advantage of grant funding opportunities, increasing the level of funding for these assets will allow council to maintain and renew assets when due. It will also ensure that the number of assets in poor condition does not continue to grow. It is essential that our community assets are safe, in working order and meet service levels agreed with the community.

**OUR COUNCIL
OUR COMMUNITY**

Councillor Maree Statham
Mayor

Councillor Cassandra Coleman
Deputy Mayor

Councillor Deanna Goodsell

Councillor Almudena Bryce

Councillor Eric Mahony

Councillor Colin O'Connor

Councillor Darryl Goodwin

Councillor Stephen Lesslie

Councillor Stuart McGhie

Our Councilors

Nine Councilors, under the leadership of the Mayor represent the Community of the Lithgow local government area. Elections are held every two years by the Councilors in September for the position of Mayor and yearly for the position of Deputy Mayor.

At the commencement of its term of office, each new Council is required to develop a Delivery Program which translates the community's strategic goals into clear actions to be undertaken during the Council's term of office.

The Delivery Program is a commitment to the community of the activities to be undertaken by the Council during its term of office. It identifies the priorities and how they will be scheduled over the four-year term.

Our Councilors represent the community and put forward their views and interests. As the governing body, the role of our Councilors is to:

- Actively review and debate matters that come before them for decision.
- Participate in the allocation of council's resources to optimise benefits to the community. Assist in the creation and undertake reviews of Council's policies, strategies, plans and programs,
- Review the management performance of Council and our delivery of services.
- Facilitate communication between residents and the Council.
- Provide leadership to the community.

In addition to the roles listed above our Mayor is tasked with carrying out civic and ceremonial functions and presiding over the meetings of Council.

Council meetings

All Council decisions are made at Council meetings. or through them, Council meetings are conducted on the fourth Monday of each month commencing at 7pm as per resolution 20-285 (23/11/20). Council commenced live streaming meetings making them more accessible to the public. All meetings are available for viewing on Council's website.

<https://council.lithgow.com/council/council-meetings/>

In response to public health restrictions, Council has adapted to ensure that it continues to conduct its meetings in an open and democratic manner. This includes, when required, video conferencing to comply with social distancing requirements.

ABOUT COUNCIL

Council's role

While Council has a custodial role in initiating, preparing and maintaining the CSP on behalf of the Lithgow Local Government Area, it is not wholly responsible for its implementation. Other partners, such as state and federal government, non government organisations and community groups may also be engaged in delivering the long-term objectives of the plan.

There are 8 critical roles that council performs on behalf of the community.

Representation & Cooperation

Council engages with other councils and levels of government to represent and advocate the needs of our community, and where appropriate, cooperate and work in partnership to generate the greatest benefit for the community.

Community engagement

Council engages with its community, sharing information about the community, council and government business, where appropriate. It provides opportunities for constituents to influence and / or participate in decision making.

Economic Development

Council facilitates the economic development of the community by working with the business community to attract and retain investment and support sustainable economic growth.

Strategic Leadership

Council provides strategic leadership through understanding current and future operating environments, identifying opportunities and risks and making decisions which align with long-term strategic plans.

Legislation & Policies

Council enforces relevant state and national legislation and creates policies as required to support the efficient and effective function of council to support the community.

Sense of place

Council facilitates and works with the community to develop a sense of place through branding, promoting and enhancing local identity, and promoting social cohesion and health and wellbeing.

Service delivery and asset management

Council is a responsible financial manager who delivers cost effective, equitable and efficient services and assets which reflect the community's needs and expectations and is guided by the long-term strategic plans and objectives identified in the Integrated Planning and Reporting Framework.

Land-use planning

Council works with the community to create an environment that guides the use of land to balance economic, environmental and community/social values, and to support the health and wellbeing of the community.

Lithgow City council is structured into six Divisions:

- Executive
- People & Services
- Finance and Assets
- Economic Development & Environment
- Water and Waste Water
- Infrastructure Services.

The services we provide include:

- Asset management
- Capital works
- Community and cultural development
- Development assessment
- Environmental health and building control
- Recreation and open space management
- Urban planning.

Our internal services include

- Customer services
- Finance and accounts
- Human resources and organisational development
- Risk management
- Information systems
- Document management
- Governance.

Organisation structure

Our services

Lithgow City Council is responsible for the planning and delivery of services for a population of 21,516 (Estimated Residential Population 2020) and 11,454 rateable properties over 4,567 square kilometres, with a population density of 4.71 persons per square kilometres. The services the Council provides include:

Asset construction & maintenance

We plan, build and manage community assets including roads, footpaths, car parks, stormwater drains, recreation facilities and cemeteries to meet the needs of a growing community.

Place-making

We plan and deliver a range of projects and community programs that contribute to the character of the towns and villages within our LGA; parklands, street trees, signage and flags to street sweeping, graffiti removal and litter collection.

Civic leadership

We steer the development of a contemporary city and desirable community through the leadership of our elected Councilors and senior staff. Together, these groups represent community interests, making decisions, setting policies and delivering services.

Community Services

We enhance and support our community and the many groups within it through active planning, partnerships and provision of high quality, accessible services.

Cultural and educational services

We contribute to our community's cultural development, learning and wellbeing through the management and promotion of our libraries, theaters, public halls, museum in addition to initiatives like public art.

Economic development and marketing

We contribute to the growth of our local economy through efficient, timely approvals processes, marketing and visitor economy as well as supporting high profile events and developing Blast Furnace Park, Lake Pillans Wetland, Lake Wallace Recreation Area and Farmers Creek Walking/Cycleway.

Environmental Management

We help protect and enhance our natural environment through planning, partnerships and the delivery of a range of programs.

Health & safety

We enhance community health and safety through the delivery of range of programs, as well as help protect our community in times of emergency or disaster.

Planning and development

We plan and manage the sustainable growth and development of our city, whilst respecting our heritage rich built environment.

Recreation and leisure

We manage recreation areas including parks, sportsground and green space as well as the JM Robson Aquatic Centre and a range of community buildings including the Union Theatre, Civic Ballroom, Crystal Theatre and Council Administration Centre.

Roads and transport

We provide transport routes for vehicles, bicycles and pedestrians through planning and management of road and transport networks within the local government area.

Waste management and recycling

We manage the collection and disposal of our waste, as well as recovering recyclable materials.

Water management

We provide drinking water to residents with the Farmers Creek Reticulated Supply System in accordance with the Australian Drinking Water Guidelines.

Sewer management

We provide a secure and reliable sewerage reticulation system to the residents of the Lithgow LGA.

Seven Valleys

CAPERTEE - WOLGAN - KANIMBLA - LITHGOW - MEGALONG - HARTLEY - TARANA

OUR COMMUNITY

The Lithgow local government area is located on the western ramparts of the Blue Mountains, 140 kilometres from Sydney. The Lithgow Local Government area totals 4,567 square kilometres from the Capertee and Wolgan Valleys in the north, Little Hartley in the east, Tarana in the south and Meadow Flat in the west.

The major urban centre of Lithgow nestles in a valley of that name, overlooked by the sandstone escarpments of the Blue Mountains.

In addition to the major urban centre of Lithgow, the Lithgow local government area has 12 villages/ hamlets with mining or farming backgrounds. These smaller centres have proven to be attractive rural residential areas, along with the broader rural areas.

The Lithgow LGA lies almost wholly within the Wiradjuri Aboriginal nation, with the Gundungurra nation situated to the south and the Darug nation to the east.

Lithgow was previously perceived to be an inland mining and industrial centre, however, recent developments have seen Lithgow recognised as an important tourism destination, heritage centre and a desirable residential area as well.

The Lithgow local government area includes World Heritage listed National Parks and State Forests, making Lithgow an important leisure destination for Sydney residents.

Lithgow has unlimited opportunities for outdoor activities such as bush walking, mountaineering, camping, orienteering, hang gliding, horse riding, off road 4wd, fishing, sailing and water skiing.

ABOUT THE PLAN

Delivery Program 2022-2026 & Operational Plan 2022/23

The **delivery program** is a statement of how Council aims to achieve the outcomes developed by the community in the community strategic plan 2035 by implementing relevant actions, ensuring adequate resources, monitoring progress, advocating on behalf of the community, building partnerships and ensuring accountability in everything Council does.

The delivery program is adopted for a four year period to coincide with the local government elections.

At the end of the Council term progress is reviewed and reported to the community in the State of the City Report.

The 2022-2026 delivery program is made up of five themes identified in the community strategic plan 2035

1. Caring for our Community
2. Strengthening our Economy
3. Developing our Built Environment
4. Enhancing our Natural Environment
5. Responsible Governance & Civic Leadership

The **operational plan** is developed to implement the operational activities that will achieve the longer term strategic directions set out in the delivery program and community strategic plan.

Integrated Planning and Reporting Framework

The Integrated Planning and Reporting Framework provides a holistic approach to strategic planning. The Framework is based on a perpetual planning and reporting cycle which encourages an inclusive and transparent approach to the development of a sustainable local government area and responsible civic leadership.

The elements of this framework are:

- The Resourcing Strategy which includes long term financial planning, workforce planning and asset management planning.
- The Delivery Program which identifies detailed strategies to achieve the objectives of the CSP that Council can implement.
- The Operational Plan which spells out the detailed actions and key performance indicators to implement the Delivery program annually. This includes a statement of revenue policy and a detailed annual budget.
- The Annual Report which includes:
 - A summary of achievements in implementing the Delivery Program.
 - Audited financial statements; and
 - In the year of the Ordinary election, a State of the City Report.

Every 1 Contributes

Every unit within the organisation has a plan and, in turn, every individual has a work program which all contribute to achieving the organisation's delivery program (and ultimately the desired outcomes of the community identified within the 5 key themes).

5 key themes

The community strategic plan 2035 is made up of 5 key themes:

1. Caring for our Community
2. Strengthening our Economy
3. Developing our Built Environment
4. Enhancing our Natural Environment
5. Responsible Governance & Civic Leadership

4 Year Delivery Program

Outlines what the organisation will do during the term of the elected Council to work towards the community's desired outcomes.

2 Do List

The annual operational plan is a one-year slice of the delivery program – it is the organisation's yearly "to do list".

3 Resources

The resourcing strategy identifies the resources that Council has and how it will utilise them to implement its delivery program.

The three components of the resourcing strategy are:

- Asset Management Strategy & Plans
- Long-Term Financial Plan
- Workforce Plan.

Our plans	How we will measure progress	Measure
Our Place, Our Future Community Strategic Plan (CSP) 2035	At the end of each Council term we deliver a report on progress with the implementation of the Community Strategic Plan by the outgoing Council - The State of the City Report. This report, is presented to the first meeting of the incoming Council. Progress toward these outcomes (expressed in the plan as 'What our Community would like' is assessed through a number of measures, including an independently conducted survey of residents.	As the community outcomes expressed in the CSP 2035 are aspirational it is challenging to set strict quantitative measures of progress. Council will use a mixture of quantitative and qualitative measures in reporting to the community. This ensures reporting is transparent, valid and meaningful.
Delivery Program 2022-2026	Within each of the five themes from the CSP, Council has determined a number of objectives. Assessment of progress toward these objectives is reported in a six monthly report which is presented to the community in March and September. The report covers a broad cross section of Council activities and initiatives within each theme, measures help assess trends and progress over the program.	The method of assessment selected for objectives within each theme has been based on information that will be meaningful to the community. Measures have been selected to cover a broad cross section of Council activities and initiatives within each theme. The measures have also been selected for their ability to be assessed for trends and progress over the program.
Operational Plan (annual)	The plan details actions Council will take toward achieving the outcomes of the Delivery Program. A performance indicator and responsible department is listed. Progress on individual actions will largely be monitored internally, although in many instances a report to Council will result from the action listed. Council's financial performance will continue to be monitored quarterly.	The completion of annual actions and meeting targets is vital for Council in providing responsive, efficient and effective services. Progress of actions will be closely monitored by Council's senior management team.

RESOURCING & DELIVERING THE PLAN

The Integrated Planning and Reporting Framework recognises that the aspirations in the Community Strategic Plan (CSP) will not be achieved without sufficient resources - time, money, assets and the people required to carry them out.

It is a requirement that a council must have a long-term resourcing strategy for the provision of resources required to implement its Community Strategic Plan.

The resourcing strategy must include provision for long-term financial planning, workforce management planning and asset management planning. Council has developed three strategies to support the delivery of the Community Strategic Plan.

Long Term Financial Plan (2022/23 - 2032/33)

The costs for asset renewal and continued provision of other services necessary to meet the objectives of the Community Strategic Plan are brought together in the Long Term Financial Plan (LTFP). The LTFP estimates the revenues and expenses associated with capital works, capital expenditure and asset management in support of the deliverables in our CSP. It also refers to the long-term strategic asset management plan by making provision for the estimated costs associated with our management of the assets that are considered in that plan.

More importantly, the LTFP shows what can be funded by Lithgow City Council given our current financial situation and what remains unfunded. Partnerships with other levels of government, business and the community plays a vital role in closing this gap either by releasing new sources of funds or reducing the costs of activities.

Strategic Asset Management Plan (2022/23 - 2032/33)

The Strategic Asset Management Plan (SAMP) overviews council's assets in terms, for example, of service levels - both required and actual - life cycles and the financial implications of renewal, upgrade, maintenance, disposal and acquisition.

Workforce Plan (2022/23 - 2025/26)

The Workforce Plan (WFP) addresses the human resourcing requirements to implement the objectives of the Community Strategic Plan which are delivered through the four-year Delivery Program.

Four-Year Delivery Program (2022/23 - 2025/26)

The four-year Delivery Plan is the bridge between short to medium-term operational planning and our longer term strategic planning objectives. This document expresses our strategic direction in an operational context - the short and medium-term actions we will take to achieve long-term goals.

Of all the guiding documents in our integrated planning and reporting framework, our four year

Delivery Program has the most significant influence on our daily work. It establishes the criteria against which our performance is measured, and provides us with a structure for reporting on organisational performance, by allowing us to effectively plan and budget for short-term and multi-year projects and activities.

Operational Plan (Annual)

Council is required to develop an annual Operational Plan for each financial year. The Operational Plan and its companion budget describe the activities Council will undertake and fund in a single financial year to implement the Delivery Program.

Other Plans and Strategies

From time to time, Council adopts strategies and plans that have been commissioned to guide the action we will take to progress particular priorities. Depending on their focus, these documents inform our medium and long-term planning framework.

Our Strategic Planning documents area available for viewing our website. Some examples include :

- Local Strategic Planning Statement 2040
- Disability Inclusion Action Plan
- Regional Economic Development Strategy
- Active Transport Plan

Linking to the Lithgow 2040 Local Strategic Planning Statement

In March 2018, the Department of planning, Industry and Environment (DPIE) amended the Environmental Planning and Assessment Act 1979 (EP&A Act) to introduce new requirements for local councils to prepare Local Strategic Planning Statements (LSPS). This change sought to shift the planning system to be proactive, rather than reactive, to development thereby enshrining the role of strategic planning at a local council level in Section 3.9 of the EP&A Act.

The council's LSPS sets out:

- The 20-year vision for land use in the local area;
- The shared community values to be maintained and enhanced;
- How future growth and change will be managed; and
- The special characteristics which contribute to local identity.

Although the Lithgow 2040 LSPS was developed to align with the Community Strategic Plan.

The LSPS themes of Environment, Liveability, Infrastructure and Economic with the inclusion of Resilient will be carried throughout Council's Integrated Planning & Reporting Framework to identify alignment with the LSPS.

ENVIRONMENT

LIVEABILITY

INFRASTRUCTURE

ECONOMIC

RESILIENT

COUNCIL'S PLANS & STRATEGIES

In developing the Delivery Program and annual Operational Plan, Council considers the actions identified in its own strategies, studies and plans, including their background, community engagement results and ongoing relevance to ensuring the needs of the community are met.

- [Lithgow Active Transport Plan \(2019\)](#) - identifies a range of infrastructure improvements and social initiatives, aimed at enhancing pedestrian and cycling opportunities and safety throughout the lga.
- [Lithgow Ageing Strategy \(2011/12\)](#) - considers a wide range of issues that impact on older people including health, access to services, housing, transport, well being and social connectedness.
- [Business and Retail Strategy \(2010\)](#) - plans toward the future development of retail in the centres of Lithgow, Wallerawang and Portland.
- [Community Participation Plan 2020](#) - sets out how and when the community can have their say on the planning functions exercised by Council.
- [Crime Prevention Plan \(2010\)](#) - addresses community concerns regarding crime rates and identifies the development of Crime Prevention Strategies.
- [Cultural Plan \(2008\)](#) - provides a direction for economic sustainability and growth through cultural development.
- [Cultural Precinct Study \(2010\)](#) - plans for the development of the Cultural Precinct Study area; Top of Main Street, Union Theatre & Hoskins Building, Eskbank Station, Eskbank House Museum, Blast Furnace Park & Lake Pillans Wetlands.
- [Customer Service Charter](#) - sets out the standard of customer service we will offer you as we aim to deliver a range of quality service to meet your standards.
- [Development Servicing Plans for Water Supply and Sewerage \(2018\)](#) - sets out the water supply and/or sewerage developer charges to be levied on development.
- [Disability Inclusion Action Plan 2022-2026](#) - outlines strategies and actions to help Council achieve its inclusion goals to enable people with disability to have better access to the services, information and facilities offered by Council.
- [Economic Development Strategy \(2015\)](#) - outlines the priority activities, key partners, stakeholders and resources required to deliver a diversified local economic base, attract new investment and deliver increased economic and social benefits to the community as a whole.
- [Farmers Creek Precinct Master Plan](#) - a strategic planning framework for environmental and recreational works along Farmers Creek.
- [Hassans Walls Reserve Mountain Bike Trail Development Concept Plan \(Draft 2020\)](#) - plans for the development of a three purpose built mountain biking trails at Hassans Walls Reserve.

- [Information Communication Technology \(ICT\) Strategy \(2020\)](#) - plans for the provision of ICT services that enhance customer service outcomes, enhance the working environment for employees and improves operational efficiency.
- [Land Use Strategy \(2010-2030\)](#) - identifies land use principles and actions to guide growth management and structure, social and economic change, infrastructure development, environment protections, natural resource management and cultural and built heritage development/protection across the lga.
- [Lithgow 2040 Local Strategic Planning Statement](#) - provides and overarching strategic direction on our community's social, environmental and economic land use needs.
- [Lithgow CBD Revitalisation](#) - supports the renewal of Main Street and the central business district of Lithgow with a clear set of objectives to guide the development of Main Street.
- [Lithgow Electric Vehicle Strategy \(Draft\)](#) -
- [Lithgow Flood Study - Volumes 1 & 2 \(2017\)](#) - focuses on Farmers Creek and Marrangaroo Creek flood risks.
- [Manufacturing/Industry Survey Summary \(2010\)](#) - Results of a survey of businesses outside of the Main Streets of Lithgow, Wallerawang, Lidsdale, Portland and Hartley (excluding coal mines, power stations and State Debt Recovery Office).
- [Lithgow Regional Economic Development Strategy](#) - Long term vision and associated strategy for economic growth and transition in the lithgow LGA.

LINKS TO REGIONAL & STATE PLANS

In developing our integrated planning suite including the Community Strategic Plan 2035 and Delivery Program, Council considers plans and strategies that other levels of government have prepared that may have implications for the local government area.

Premier's Priorities

These priorities represent the government's commitment to making a significant difference to enhance the quality of life of the people of NSW. They aim to tackle many of the issues that have been put in the too hard basket, for too long. Each priority has an ambitious target. They have been set with the purpose of delivering on the government's key policy priorities, being:

- a strong economy
- highest quality education
- well connected communities with quality local environments
- putting customer at the centre of everything we do
- breaking the cycle of disadvantage

Future Transport Strategy 2056

Future Transport 2056 sets the 40-year vision, directions and principles for customer mobility in NSW, guiding transport investment over the longer term. Future Transport 2056 outlines six state-wide principles to guide planning and investment. These are aimed at harnessing rapid change and developing new technologies and innovation to support a modern, innovative and resilient transport network. The are:

1. Customer focused
2. Successful places
3. A strong economy
4. Safety and performance
5. Accessible services
6. Sustainability

Future Transport Technology Roadmap 2021-2024

Future Transport Technology Roadmap 2021-2024 is NSW's headline customer-focused transport technology strategy. It showcases Transport for NSW's ambitions, our strong track record, our technology toolkit and our six priority programs to transform and deliver a world-class customer experience.

1. Mobility as Service (MaaS) will deliver seamless and personalised journeys across all modes
2. NSW will be a world-leading adopter of connected and automated vehicles
3. Rapid transition to ZEB and EV will help NSW to reach net zero emissions by 2050Safety and performance
4. Technology will transform mobility in regional NSW
5. More efficient freight through technology
6. Sensors and intelligent systems will create smart transport networks

Western Sydney Electric Vehicle Roadmap 2022 - 2030

The EV Roadmap provides strategic direction for Western Sydney to be at the forefront of the electrification transition. This roadmap aims to guide regional collaboration for Western Sydney councils to:

- Reduce carbon from councils' corporate fleet emissions
- Create regional infrastructure plans
- Access grant funding for project and research delivery
- Collaboratively advocate to the NSW and Australian governments.

Central West and Orana Regional Plan 2041

The Central West and Orana Regional Plan is the NSW Government's 20-year strategic plan to support the ongoing prosperity and growth of the geographic heart of the state.

The plan provides a vision and direction for land-use decisions to support:

- Job creation
- Housing supply and diversity
- Access to green spaces
- Creating a vibrant and connected network of centres that build on the region's strengths and emerging opportunities and challenges.

Western Sydney Energy Program

The Western Sydney Energy Program is a collaboration between nine Western Sydney councils that aims to increase opportunities for energy, cost, and emission savings for councils and their communities. The program has four strategic focus areas:

1. Renewable energy transformation
2. Transport
3. Supporting our community
4. Facilities and precincts.

Engaging our community

COUNCIL'S ROLE	
Leader	Providing direction through planning policy
Provider	Providing services and infrastructure
Regulator	Of development, community health and safety and the environment.
Partner	With the community, government and private organisations
Facilitator	To bring together local, state and federal governments, private and community objectives to achieve the best outcomes
Advocator	On behalf of the local community
Purchaser	Or buyer of services or products
Broker	Sourcing public or private funds to provide services or infrastructure

Council's community engagement framework is based on the fundamental principles for engagement of social inquiry and justice.

- Inclusiveness and diversity
- Openness, respect & accountability
- Leadership
- Purpose
- Information sharing
- Feedback and evaluation
- Resourcing and timing

Council's engagement strategy is based on the five pillars of community engagement which can be defined as follows:

COUNCIL MEETINGS

Council meetings are conducted on the fourth Monday of each month as per resolution 20-285 (23/11/20). Council commenced live streaming meetings making them more accessible to the public. All meetings are available for viewing on Council's website. In response to public health restrictions, Council has adapted to ensure that it continues to conduct its meetings in an open and democratic manner. This includes, when required, video conferencing to comply with social distancing requirements.

PARTICIPATION IN DECISIONS

Residents have the opportunity to address the Council at each council meeting as part of the Public Forum. This may include any matter listed for discussion at the meeting, or any other matter with appropriate notice. Members of the public wishing to address Council may do so by registering on the website www.council.lithgow.com/addressing-council, by 12 noon, on the day of the meeting.

SECTION 355 COMMITTEES

Council has a number of committees made up of councilors, Council Officers and members of the community who act in an official capacity on behalf of Council within the confines of the charter of the committee. Advisory committees provide advice to Council on specific subjects such as environmental or youth issues. In addition to this Council appoints or convenes temporary working parties or task forces that assist in the development of short-term projects, providing professional advice and community input.

Decisions of Council are implemented by Council's staff under the leadership and direction of the General Manager.

ENSURING A SUSTAINABLE FUTURE

Sustainability and our community

Sustainability involves thinking about the future and those that will live in the Lithgow region long after us, it is about leaving the local government area a better place than it is today.

The word sustainability is often used when talking about our environment and ensuring we are protecting habitat for native animals, have clean and healthy water supplies and prevent air pollution. While sustainability requires these things and many more for a healthy and functioning natural environment, sustainability also encompasses many things our community values and needs for daily life. These include our homes and food, education and jobs, health and community services, cultural and recreational activities, transport, water and energy supplies.

Our increasing demand for natural resources such as metals and minerals, materials and land from natural systems like food and timber and the impacts of using energy and water, as well as our waste is recognised by many as being unsustainable in the long term.

The development of the Our Place, Our Future Delivery Program and associated documents has been founded on sustainability principles and on the 'quadruple bottom line' components of social, economic, environment and governance. The core premise is an ability to meet our community needs now, and for future generations.

Key goals for sustainability include:

- Aiming for intergenerational and intra-generation equity
- ensuring equality of access, participation and rights for everyone
- Achieving a balance between economic activities and conservation of the environment
- Conserving biological diversity
- Ensuring the value of assets or services includes environmental factors (such as the natural resources required, the damage to the environment and disposal of any waste).
- Recognising the global implications of local decision making

Community objectives articulated in Our Place, Our Future Community Strategic Plan 2035 drive the work undertaken by Council and this is part of our delivery of a sustainable community and council.

1. Through sound financial planning, this strategy positions us to manage risks and cope with unexpected events, such as natural disasters and lower interest income.
2. Council's Resourcing Strategy implements and resources the vision of the Community Strategic Plan with clear priorities. For example, the Long Term Financial Plan identifies how additional assets will be funded, or existing assets renewed or upgraded and what provisions are made for changes to services.
3. Costs have been rising faster than revenue and Council must efficiently deliver the services which can be provided within our means. For example services reviews will need to consider available funding.
4. Council has commenced reviews of its service delivery to ensure it is meeting community needs and providing 'value for money'. Council will work with the community to set affordable levels of service. Areas recently reviewed include Waste Management, Library Services and Ranger Services.
5. Council will continue to advocate for a fair share of resources for the Lithgow area. We will continue to build partnerships with neighbouring and Western Sydney Councils as well as State and Federal Governments. For example, advocacy efforts have assisted Council to obtain over \$15M in grants in 2020/21 and to gain health support for the COVID-19 pandemic.

Grants & Subsidies

Council receives specific grants from Federal and State governments to support the funding of a range of Council services and major capital projects, including environmental projects, disaster recovery/resilience, community service programs, road safety programs, public library operations and road construction works.

Borrowings

It is recognised that long term borrowings can be a useful tool for funding the development of major new assets. It is also recognised that using debt is an appropriate vehicle for funding long lived infrastructure assets that will be of benefit to residents both now and in the future. Council's Long Term Financial Plan (LTFP) is based on borrowings for capital works of \$7m over the 10 year term of the Plan. As Council pays down existing loans, the debt service cover ratio will steadily improve over the term of the LTFP. With the benchmark for the debt service cover ratio at greater than 2x, Council will be comfortably above the benchmark for the next decade.

Investments

At any point in time, Council can hold a significant amount of cash in reserves as a result of grant monies paid to Council, works contributions paid by the

development industry and general income from rates, fees and charges. Whilst the money is committed to expenditure on various works and services through Council's annual budget and developer contributions plans, there is often a period of time between the receipt of the money and its expenditure.

Council invests the cash it does not need immediately to generate additional income through the interest received from these cash investments. Council's income from these investments has decreased significantly in recent years due to record low interest rates and lower reserve balances.

Council's income from investments is expected to slightly increase to \$282,000 in 2022/23 mainly due to slowly rising interest rates in the broader investment market.

Asset Sales

Council has a significant asset base, with the written down value of its infrastructure, property, plant and equipment at 30 June 2021 totalling \$579.8 million. Operational holdings, both land and buildings, are regularly reviewed to identify opportunities to dispose of assets no longer needed for service delivery. Any asset that is sold generates revenue from the sale and reduces the maintenance cost associated with continued ownership.

Council maintains a Land Bank internally restricted reserve with a balance of \$1.1m at 30 June 2021. Proceeds from sales of land assets are placed in the Land Bank fund with the reserve only expended on other fixed assets with income generating capability (or potential in the long term).

Entrepreneurial Activities

Council's entrepreneurial activities are currently limited to the generation of rental and lease income from property, merchandise sales and some tourism activities. Council will look to develop entrepreneurial opportunities in coming years, particularly nature based events and related tourism.

Developer Contributions

Developer contributions are paid by property developers. These contributions assist in the completion of assets and facilities of benefit to the residents in newly developed areas and homes, as well as considering the impacts of new residents in the broader functions of the city. A proportion of Council's annual capital works program is funded by developer contributions. Often, Council will hold funds pending the creation of a sufficient amount of funds to delivery works. All works funded by the Contributions are listed in Developer Contributions Plans which can be seen on Council's website.

Our focus on productivity

Council has a strong culture of continuous improvement, with a dedicated framework designed to support the identification of opportunities for internal improvements and efficiencies. Information on productivity improvements is provided via Council's Annual Report to foster a shared understanding within the community of the work of Council and the challenges faced in sustainably delivering services to support our growing community over time.

Improving productivity via new technologies

During 2022/23 we will continue our focus on the embedding of technology to improve efficiency measures the delivery of Customer Driven Transformation, including the alignment of data within Council's systems to support ongoing improvements in processes and data management. Solutions will encourage innovation, support digitisation and deliver business solutions that support performance and service delivery.

Increasing Grant Funding

Council has worked hard in recent years to identify programs and receive grant funding for numerous capital and operational projects to enhance community wellbeing and lifestyle.

A number of projects will be delivered or significantly advanced in the 2022/23 year as a result of successful grant submissions Council has lodged with the Federal and State Governments.

Benchmarking Internal Processes and Systems

A significant proportion of Council's annual capital works and maintenance budget consists of projects subject to competitive tender. This ensures best value in the competitive marketplace and ensures council's own costs are on par with construction industry standards.

Council regularly benchmarks against other service providers from within the public and private sector. This is done in a number of areas including corporate support and administration, customer service, asset management, aquatic services, development assessment and facilities management. This information is used to assess performance and make adjustments to systems and processes and ensure best value for money.

Efficiency Dividend

In the development of the 2022/23 budget, all departments across Council were expected to improve productivity, with a reduction in allocation to operational expenditure areas (approximately \$500,000). A number of budgeted areas were excluded from the target due to their unique circumstances, including maintenance, domestic waste management, events and grant funded projects. Managers were tasked with achieving planned actions and projects from within the reduced allocation.

Our spending - 2022/23 Discretionary versus Non Discretionary Spending

Council's budget for 2022/23 has been developed based on total rates revenue increasing by 2.5% (including the Additional Special Variation). This sees a budget of over \$50m including \$30 million in rate & annual charges revenue.

While Council's budget for 2022/23 shows total cash revenue of \$59.6m there are a range of non-discretionary costs that Council must pay that take up a significant proportion of the budget. These items include:

- Payments to NSW Government agencies, for example, the Emergency Service Levy.
- Waste collection and disposal costs.
- Council's share of pensioner rate rebates.
- Membership of Upper Macquarie County Council (noxious weed management).

Options for ensuring a sustainable Lithgow

The options put forward for community discussion will have widely varying impacts on our service delivery.

Community engagement has commenced on two options for ensuring a sustainable future. In communicating these options, the Council is providing information the following:

- The magnitude of the financial challenges and infrastructure funding shortfall facing the LGA over the next 10 years and its impact on service levels,
- The fairness and equity of the rating structure and the capacity of all ratepayers to pay additional rates, and
- The importance of residents to be able to have their say on their preference for either service levels being maintained (requiring a Special Rates Variation) or service levels being reduced (rate peg only).

Option 1: Service levels maintained

Indicative breakdown of the proposed SRV expenditure

Option 1- Service Levels Maintained will enable Council to achieve long-term financial sustainability. Option 1 is detailed in the [Rating Review Technical Paper](#).

Service levels would be maintained at the current levels expected by the community. Council will implement the Rating Review findings around increasing user fees income, however, there are limited council resourcing alternatives to generate the remainder of the required funding.

An outcome of the community engagement was an agreement with mining and power generation ratepayers to contribute to an economic transition management fund over 10 years which would diminish their rates payable period. The amount of contributions to the fund is \$1.092M in 2023/24.

Option 1 has been updated with a lower overall Special Rate Variation amount and the inclusion of income and expenditure from the planned economic transition fund. At the same time, the capital works program (funding sources and expenditure) has been refined for all three scenarios in the Resourcing Strategy.

This Option includes the following strategies to enable financial sustainability over the 10 years of the Long Term Financial Plan:

- **An additional permanent SRV from 1 July 2023** - a 38% overall increase in rates (including rate peg). The impact on residential, business and farming rating under this proposal would typically be 27.7% (including expected rate peg).
- **Productivities and improvements**: \$1.3M of productivities and improvements as detailed in the Rating Review Technical Paper.

Option 2: Service levels reduced

- **Funding for existing maintenance service levels from 1 July 2023:** \$2.3M of additional transport, stormwater and other asset maintenance funding as determined in the indicative SRV funding allocation.
- **Funding for building capacity from 1 July 2023:** \$1M of operational capacity building funding for governance / strategy and capacity building as detailed in the Rating Review Technical Paper.
- **Adequate funding capital asset renewal from 1 July 2023:** \$2M of additional transport, stormwater and other asset renewal funding as determined in the indicative SRV funding allocation.
- **General Fund contingency:** a modest operating surplus to avoid "shocks, as well as enhanced capacity to improve performance and productivity in future periods, to address infrastructure backlogs and to maintain a higher net financial liabilities ratio.
- **Economic transition fund:** transition management fully funded from \$1.092m p.a. contributions fund.

Should "**Service Levels Reduced**" be the preferred option, Council would develop a plan which identifies essential services. As the option does not deliver the additional funding required to both meeting existing service levels and maintain / renew roads and other infrastructure, there will be the need to reduce service levels. The reductions would occur for non-essential services. This plan would be developed and finalised with extensive community consultation.

The Rating Review (see [Rating Review Technical Paper](#)) identified a need to increase income by \$4.718M (after productivity and improvements). The value of service reductions would need to equate to \$4.718M to enable funds to be redirected to asset maintenance / renewal and to ensure Council's long-term financial sustainability with a balanced operating result (i.e. no more deficits). Scenario 2 was developed on the basis of the following assumptions:

- **Rate peg only from 1 July 2023.**
- **Funding for existing maintenance service levels from 1 July 2023:** \$2.3M of additional transport, stormwater and other asset maintenance funding.
- **Operational Service Reductions from 1 July 2023:** with funding redirected to asset renewal / maintenance and to eliminate operating deficits, the required value of non-essential service spending has been removed from operational expenses. As over 60% of Council's expenditure funds employment and materials / contracts, it is assumed that these costs will need to be proportionally reduced. The value of required service reductions grows in each future year.
- **Adequate funding capital asset renewal from 1 July 2023:** \$2M of additional transport, stormwater and other asset renewal funding.
- **General Fund contingency:** a modest operating surplus to avoid "shocks, as well as enhanced capacity to improve performance and productivity in future periods, to address infrastructure backlogs and to maintain a higher net financial liabilities ratio.

Options for ensuring a sustainable Lithgow

Impact of options 1 and 2 on average rates

Council developed a web-based rates calculator tool (available on <https://ourplaceourfuture.lithgow.com/srv/>) that ratepayers could use to compare their rates under Option1 – Service Levels Maintained (with SRV) and Option 2 – Service Levels Reduced (no SRV) scenarios, based on their land valuation.

The tables opposite summarise the impact of the scenarios on average rates (included on the Our Place Our Future website).

Option 1 for Residential Ratepayers

Average Rates 2022/23	\$869.26
Add Rate peg 3.7%	\$32.16
Add SRV 24%	\$208.62
Average Rates 2023/24	\$1,110.04
Annual Change	\$240.78
Weekly Change	\$4.63

Option 1 For Farmland Ratepayers

Average Rates 2022/23	\$1,705.50
Add Rate peg 3.7%	\$63.10
Add SRV 24%	\$409.32
Average Rates 2023/24	\$2,177.92
Annual Change	\$472.42
Weekly Change	\$9.09

Option 1 for Business Ratepayers

Average Rates 2022/23	\$4,214.67
Add Rate peg 3.7%	\$155.94
Add SRV 24%	\$1,011.52
Average Rates 2023/24	\$5,382.13
Annual Change	\$1,167.46
Weekly Change	\$22.45

Option 2 for Residential Ratepayers

Average Rates 2022/23	\$869.26
Add Rate peg 3.7%	\$32.16
Average Rates 2023/24	\$901.42
Annual Change	\$32.16
Weekly Change	\$0.62

Option 2 for Farmland Ratepayers

Average Rates 2022/23	\$1,705.50
Add Rate peg 3.7%	\$63.10
Average Rates 2023/24	\$1,768.60
Annual Change	\$63.10
Weekly Change	\$1.21

Option 2 for Business Ratepayers

Average Rates 2022/23	\$4,214.67
Add Rate peg 3.7%	\$155.94
Average Rates 2023/24	\$4,370.61
Annual Change	\$155.94
Weekly Change	\$3.00

An aerial photograph of a suburban town. The foreground shows a large green golf course with a clubhouse and a swimming pool. The middle ground is filled with residential houses and streets. In the background, there are rolling hills under a blue sky with white clouds. The text "OUR PRIORITIES" is overlaid in the center of the image.

OUR PRIORITIES

RETAIN

- Sense of community/friendly people

- Natural environment/beautiful area/scenery

CHANGE

- Upgrading/maintaining roads & infrastructure

- Economic development & tourism/attract more business/job opportunities

PRIORITIES

- Economic development & tourism/attract more businesses and people/job opportunities

- Upgrading/maintaining roads

- Land/housing availability & affordability

AREAS OF FOCUS

1. Housing and Land availability and affordability
2. Supporting and connecting our communities
3. Retaining our youth - providing educational and skills opportunities.
4. Arts, sports and youth precincts
5. Environmental preservation/mitigation accessible (roads, trails, lighting)
6. Improving communication to the community
7. Improving customer service

Major projects - 2022/23

Lithgow City Council is focused on ensuring the delivery of services and infrastructure is meeting the community needs, both now and into the future.

Council continues to seek grant funding to enable the delivery of projects such as the Lithgow CBD Revitalisation Project, major road upgrades, playground improvements, shared pathway extensions, all projects that otherwise would have required alternate funding and would have taken much longer to achieve. In addition, the use of loan funding continues to provide a fundamental source of capital revenue for Council as we increase our recurrent borrowings to fund appropriate infrastructure renewals and where necessary, match grant funding. This allows those who will benefit from new facilities over upcoming years to also share in meeting the cost of providing those facilities.

Over the net year, Council will continue to progress over \$21.8million in infrastructure works that will support the growth of our local government area.

PROJECT	TOTAL COST	FUNDING SOURCE
Waste Strategy Capital Works Program	\$1,000,000	Waste Revenue/Reserve
Cullen Bullen Sewer Scheme (completion)	\$5,288m	Loan
Glen Davis Road Bridges upgrade	\$4.6m	Grant funded
Lithgow Information & Neighbourhood Centre Revitalisation (completion)	\$451,000	Grant funded
CBD Revitalisation - Main Street Footpath renewal	\$1.2m	Grant funded
Union Theatre Activation	\$197k	General Revenue/Grant funded
Civic Ballroom - upgrade for use as an evacuation facility	\$350k	Grant funded
Kremer Park Grandstand	\$358k	Grant funded
Wolgan Valley Evacuation Plan	\$250k	Grant funded
Lithgow Evolving Economy Plan (LEEP)	\$242.5K	General Revenue/Grant funded
Hassans Walls Reserve Environmental Studies	\$180k	Grant funded
Sewerage Testing for illegal connections	\$238k	Sewer Revenue

An aerial photograph of a park featuring a winding, dark-colored paved path with orange safety borders. The path meanders through green grassy areas and small islands. In the upper left, there is a paved area with a bench and a person walking. In the upper right, a few people are sitting on a rocky area under a tree. The overall scene is a well-maintained outdoor recreational space.

DELIVERY PROGRAM 2022 - 2026 OPERATIONAL PLAN 2022/23

Endeavour Park, Lithgow - Pump Track

HOW TO READ THIS PLAN

Community Vision

The community vision is a succinct statement that captures the community's aspirations for the future of the Lithgow LGA. The community vision is the foundation of the community's Strategic Plan.

Themes

How would we achieve the vision for the future of the Lithgow LGA?

The priorities we should focus on as a local government area are represented through the 5 key themes:

1. Caring for our Community
2. Strengthening our Economy
3. Developing our Built Environment
4. Enhancing our Natural Environment
5. Responsible Governance & Civic Leadership

Each theme is supported by a 10 year goal, an aspirational outcome for the future of the Lithgow region.

How will we get there?

Areas of focus were identified by the Council following community consultation as priority projects and programs which will achieve the 10 year goals.

The **Objectives** identify the overarching actions which will be undertaken to implement the Community's vision for the future of the Lithgow LGA.

The **Strategies** identify a plan of action designed to achieve a long-term or overall aim in order to reach the vision over the 4 year term of Council.

Our **Actions**; Identify the projects and program undertaken annually.

5 key themes

Caring for Our Community

To retain, respect and strengthen both our overall sense of community, and the unique linked communities of groups, rural areas, villages and towns that make up the Lithgow LGA.

Developing Our Built Environment

To provide a choice of effective public and private transport options, suitable entertainment and recreational facilities, and lifestyle choices while enhancing the built environment with the inclusion of Resilient.

Strengthening Our Economy

To provide for sustainable and planned growth through the diversification of the economic base, the development of diverse job opportunities and the provision of a broad range of formal and non-formal educational services.

Enhancing Our Natural Environment

To balance, protect and enhance our diverse environmental elements, both natural and built, for the enjoyment and support of both current and future generations

Responsible Governance & Civic Leadership

To develop community confidence in the organisation by the way it is directed, controlled and managed.

Icons to represent the Actions linked to the Local Strategic Planning Statement; Environment, Liveability, Infrastructure and Economic with the inclusion of Resilient will be used throughout this document.

ENVIRONMENT

LIVEABILITY

INFRASTRUCTURE

ECONOMIC

RESILIENT

**CARING FOR OUR
COMMUNITY**

OUR 10 YEAR GOAL

*To retain, respect and strengthen
both our overall sense of
community, and the unique linked
communities of groups, rural areas,
villages and towns that make up
the Lithgow LGA.*

Our plan 2022-2026

CC1 To plan and provide quality community and recreational facilities and services for a, healthy, vibrant and harmonious community that embraces challenges and has the resilience to adapt to change.

Our Strategies	Codes	Pages
• We will provide a range of needs-based, flexible and accessible services, buildings and facilities.	CC1.1, SE2.1 SE3.2 BE2.5 BE2.6 BE2.7	58, 75, 78, 96-100
• We will ensure that our rural and urban villages retain and celebrate their unique character and heritage from iconic buildings to village streetscapes.	CC1.2 CC1.3, BE1.2, NE.4	59-60, 87, 119
• We will work together with government departments, NGOs, and community to ensure the communities of the Lithgow region have access to services and feel supported, connected and united.	CC1.3, CC2.1, SE3.3, BE1.1 GL1.1	60-61, 79, 88-91, 126
• We will manage and provide public places that promote physical activity and sport & recreational facilities that are accessible to achieve safe and healthy lifestyles.	CC1.4	60-61
• We will work together to ensure that all citizens of the Lithgow LGA feel safe, valued, skilled and connected.	SE 2.2 SE2.4	76-77

CC2 To work together to support, celebrate and expand the social and cultural diversity of our community whilst promoting healthy, active lifestyles in a safe environment.

Our Strategies	Codes	Pages
• We will improve access, participation and inclusion for everyone.	CC2.1, CC2.2 CC2.3	61-63
• We will build a resilient and inclusive communities.	CC2.1 CC2.2 CC2.3	61-63
• We will facilitate social inclusion and neighbourhood programs to strengthen community connections	CC2.1 CC2.2 CC2.3	61-63
• We will work to ensure that health, education and community services will meet our identified needs.	CC2.4, CC2.5, NE2.3	64 - 65, 117
• We will maintain a focus on lifelong learning and collaborating to deliver a range of innovative programs and services.	CC2.5 SE2.2 SE2.4	65, 76-77

AREAS OF FOCUS

1. Housing and Land availability & affordability
2. Support and connect our communities
 - Develop 'The Seven Valleys' brand
3. Retain our youth - provide educational and skills opportunities
4. Support our community groups
5. Retain our rural and urban village identities and character
6. Promote a sense of safety in the LGA
7. Ensure community well-being.

Council functions that support our 10 year goal

- Community facility bookings and management
- Community Development
- Cultural Development
- Library Services
- Crime prevention

Activities delivered by Council every year

Throughout the year we will welcome new residents and visitors through a range of initiatives such as visitor information services, place activation, events, information on the local government area and our plans for its long term growth.

We will provide opportunities for our community to celebrate through our flagship events program and a range of community programs.

We will partner with our community groups, reference groups and agencies to increase community benefits and connectedness through programs such as Youth Week, Seniors Week, Harmony Day, NAIDOC Week and other community programs to foster a inclusiveness and diversity.

We will cater for our community's recreation and leisure needs through planning, building and maintaining a range of facilities; and encouraging the use of these facilities through sports development programs for youth, venue specific programs and bookings management.,

We will continue to manage and develop the collection at Eskbank House Museum and our libraries will deliver programs that support lifelong learning. We will work to attract quality performances at the Union Theatre and curate pop-up exhibitions at the Theatre Gallery.

Community health and safety will be promoted through regulatory compliance activities and CCTV camera's installed in our CBD's.

STRENGTHENING OUR ECONOMY

OUR 10 YEAR GOAL

To provide for sustainable and planned growth through the diversification of the economic base, the development of diverse job opportunities and the provision of a broad range of formal and non-formal educational services.

Our plan 2022-2026

SE1 To provide sustainable and planned growth that supports a range of lifestyle choices and employment options.

Our Strategies	Codes	Pages
• We will attract new business and investment	SE1.1	74
• We will encourage economic growth and diversity	SE1.1, SE1.2	74
• We will facilitate and provide infrastructure and land to support residential, rural and economic growth.	SE1.2, BE1.1, BE1.2, B2.2, BE2.3, BE2.4, BE 3.2	74, 87, 88-91 92, 93-94, 102
• We will develop into a smart city that embraces technology, innovation and entrepreneurship to support business success and improve livability.	SE1.1, SE1.4, GL1.4	74, 75, 128-129
• We will plan and work in partnership with residents of new and emerging suburbs and towns to connect and evolve their own distinct neighbourhood spirit and character.	CC1.3, BE3.1, BE3.2	60, 102, 103
• We will ensure new and emerging suburbs have high walk-ability, cycling infrastructure and green spaces.		
• We will plan new and emerging suburbs which are environmentally sustainable.		

SE2 To explore and discover the richness in our society through the pursuit of educational, creative and cultural opportunities to diversify our economy, skills base and employment opportunities.

Our Strategies	Codes	Pages
• We will celebrate the cultural diversity and rich heritage of the Lithgow LGA.	CC1.2, SE4.2, SE3.3, NE2.4	59, 81, 79, 119
• We will work with local creatives and tourism partners to develop a strong tourism industry that maximizes benefits from visitors to the Lithgow LGA.	SE2.1, SE3.2, SE3.3	75, 78, 79
• We will embrace new technologies, creativity and innovation to grow a network of vibrant, mixed use centres & services.	SE1.4, SE3.2,	75, 78
• Local job opportunities will be enhanced through employer and service provider partnerships focused on the development of a local workforce with the skills required by local industry.	SE1.1	74

SE3 The Lithgow region is seen as a desirable place to work, live, visit and invest.

Our Strategies	Codes	Pages
• We will work in partnership to actively market the Lithgow region and our capabilities to existing and potential residents, businesses, visitors and investors.	SE3.2, NE1.4, GL1.1	78, 112-113, 126
• We will grow our visitor economy through developing partnerships and opportunities that enhance and strengthen iconic events, distinct local attractions and the use of major venues.	SE3.2	78
• We will host events, festivals, sporting and cultural activities that allow our communities to connect and celebrate.	CC2.3, SE2.1, SE3.3, SE3.4	63, 75, 79, 80
• We will seek to host major sporting events and new activities in both new and existing local facilities.	SE3.4, NE1.4	80, 112-113

SE4 Lithgow, Wallerawang and Portland CBD's are the vibrant, unique spaces which create a strong sense of place within the community.

Our Strategies	Codes	Pages
• We will work with our businesses to develop activation and promotional initiatives to create vibrant town centres Lithgow, Wallerawang and Portland.	CC1.3	60
• We will continue to enhance the built form of our streetscapes in our town centres.	CC1.2, SE4.2, BE1.2, BE2.3, BE2.5, BE2.6, BE2.7	59 81, 87, 923 96-97, 98-99 100
• A diverse mix of residential, retail, cultural and other services will be found in our town centres.	SE1.2	74,
• Our town centres will be vibrant, safe and easy to get around, whether visiting by day or night.	CC1.3, CC1.4 ,SE3.3	60-61, 79

AREAS OF FOCUS

1. Employment Land availability
 - Marangaroo Urban Release Area
2. Retain our youth - provide educational and skills opportunities
3. Transition our economy:
 - Develop and implement the Lithgow Emerging Economy Program
 - Up-skill our community
 - Become a smart, resilient community
 - Investigate renewable and energy from waste opportunities
 - Develop 'The Seven Valleys' Brand
 - Cultural Precincts
 - Eskbank Street/Top of Main Street/Bridge Street/Inch Street
 - Bottom of Main Street, Queen Elizabeth Park, Theatre Royal/Gang Gang Gallery

Council functions that support our 10 year goal

- Business and Economic Development
- Events and Place Activation
- Eskbank House Museum
- Union Theatre
- Public Programs
- Visitor Services
- Strategic Planning
- Cultural Precinct development and activation
- CBD Revitalisation

Activities delivered by Council every year

During the year we will support the revitalisation of the Lithgow CBD through marketing, maintenance, place activation and events.

We will improve movement around our towns and villages through streetscape works, transport planning, advocacy for public transport, and monitoring of road networks for future improvements,

We will partner with businesses and government departments to maximise economic growth, strengthen activity centres, revitalise commercial sites and support the attainment of skilled workers.

Provide place activation events, and pursue opportunities to implement smart city principles, encourage the integration of artworks and activities to enliven spaces, and promote our location to enhance visitor and local economy.

We will maintain Eskbank House Museum and Blast Furnace Park and foster links with heritage attractions throughout the local government area.

DEVELOPING OUR BUILT ENVIRONMENT

OUR 10 YEAR GOAL

To provide a choice of effective public and private transport options, suitable entertainment and recreational facilities, and lifestyle choices while enhancing the existing rural areas, villages and towns that make up the Lithgow LGA.

Our plan 2022-2026

BE1 To plan for suitable infrastructure to promote sustainable and planned growth, while enhancing the existing identity of the towns, villages and rural areas of the local government area.

Our Strategies	Codes	Pages
• We will work to ensure new residential development areas have all necessary infrastructure in place.	BE1.1	87
• We will encourage and implement progressive urban design, sensitive to environmental and heritage issues and maintaining local character.	SE1.4, SE4.2, BE1.2, NE1.1, NE2.4	75, 81, 87, 110, 119
• We will continue to revitalise our iconic and heritage sites to maximise the potential benefits of these to the community.	CC1.2, SE4.2	59, 81

BE2 To ensure sustainable and planned growth through the provision of effective public and private transport options, and suitable entertainment and to enhance the lifestyle choices of the community.

Our Strategies	Codes	Pages
• All levels of government will work in partnership to plan and deliver roads and public transport infrastructure at the right time and at the capacity needed to support our growth.	BE2.2, GL1.2, GL1.5	88-91, 127, 130
• Our roads and other associated infrastructure will ensure connected and efficient movement throughout the Lithgow region.	BE2.2, NE2.5, GL1.2	88-91, 113, 127
• We will plan and build shared pathways and link activity centres and facilities.	BE2.3, GL1.2	93, 127
• We will plan and delivery water, sewer and waste infrastructure that supports growth and sustainability.	BE2.4, NE1.3, GL1.2, GL1.5	92-94, 111-112, 127, 130
• We will develop quality and affordable multi-purpose sporting and recreational facilities which encourage active, healthy lifestyles..	BE2.5, NE1.4, GL1.2	96-97, 112-113, 127
• Our parks and public spaces will be inviting, accessible, creative spaces for the enjoyment of families and visitors to our area.	BE2.6, GL1.2	98-99, 127
• We will maintain and upgrade our community buildings and structures to meet the needs of the community and ensure commercial viability.	BE2.7, GL1.2	100, 127
• We will advocate for faster transport linkages to Lithgow from Sydney and country nsw.		

BE3 Diverse and affordable housing options are available for our residents throughout all life stages.

Our Strategies	Codes	Pages
• We will realise more new, affordable homes in Lithgow and other established urban centres.	BE3.1	102
• Planning and development of new suburbs will provide for a mix of housing types.	BE3.1	102
• The diverse housing needs of our community will be met through active partnerships with development.	SE1.2 BE3.3	74, 103
• Planning and development of new suburbs will incorporate active transport connections.		

AREAS OF FOCUS

1. Roads and transport infrastructure
 - Marrangaroo Urban Release Area
2. Infrastructure upgrade/renewal
 - Water
 - Sewer
 - Stormwater
 - Recreational
 - Tourism assets
 - Waste and Recycling
3. Advocate for faster transport linkages
4. Improve the appearance of towns & villages
5. Recreation Precincts
 - Sporting precinct
 - Endeavour Park

Council functions that support our 10 year goal

- Building maintenance
- Capital works construction and maintenance
- Development assessment
- Heritage and conservation services
- Mechanical services
- Public transport advocacy
- Road network planning, construction and maintenance
- Road safety programs
- Strategic land use planning
- Street lighting
- Subdivision works
- Traffic management

Activities delivered by Council every year

We will advocate for improved transport connections, liaising with Transport for NSW on traffic management issues on the Great Western and Castlereagh Highways and for improved public transport options and street lighting.

Our local road and pathway networks will provide improved accessibility through the planning, building and maintenance services we provide. Bus shelters, bridges and drains will be maintained.

Our development application services will ensure we maintain development guidelines for design and construction of subdivisions, and that appropriate advice is provided to developers and the community. Development that respects the unique landscape attributes and character of new and established suburbs will be encouraged to ensure land and housing choice meets forecast demographic demand. We will work with stakeholders to identify opportunities for affordable housing options, and we will advocate for public utility infrastructure that supports community growth.

We will retain our unique heritage through encouraging adaptive and creative usage of privately owned heritage buildings; providing a heritage incentive scheme. We will optimise the value of our heritage sites, such as the Eskbank House Museum and Blast Furnace Park.

Our strategy 2022-2026

BE1.1 We will work to ensure new residential development areas have all necessary infrastructure in place.

Our actions			STRATEGIC PLAN	PRIMARY RESPONSIBILITY
Annual	BE1.1.1	Manage and develop Council's property portfolio	N/A	Planning and Development
Annual	BE1.1.2	Prepare, review and implement residential development plans and strategies	Lithgow 2040 Local Strategic Planning Statement	Strategic Land Use Planning

Operational Plan Code 2022/23	MAJOR PROJECTS - DEVELOPMENT	TOTAL COST	DELIVERY PERIOD	FUNDING SOURCE
BE1.1.1	South Bowenfels Subdivision - Layout Design and Development Approval Develop a residential subdivision in line with market demands and to achieve a return	\$115,000	2022/23	Land Bank

Operational Plan Code 2022/23	MAJOR PROJECTS - DEVELOPMENT	TOTAL COST	DELIVERY PERIOD	FUNDING SOURCE
BE1.1.2	Marrangaroo Urban Release Area and Employment Lands Planning Proposal and Implementation The Marrangaroo Urban Release Area represents the preferred growth area for the Lithgow LGA. The area has been master planned to provide for a potential future housing supply of 1586 lots to support varied housing types from compact lots (medium density) to large lot residential. The area will also be supported by a neighbourhood village centre providing for the day to day needs of the area as well as employment lands to provide business and industrial job opportunities to service future population growth. This project includes the following body of work required to unlock the land for future development and will be programmed over the next two years: - Identifying and resolving the traffic and transport infrastructure requirements for access onto the Great Western Highway - Undertaking further technical studies to support the Masterplan including a Strategic Bush Fire Management Report, High Pressure Gas Main Risk Assessment (APA Group) and modelling of flood impacts against the most recent flood study data - Potential revision of Masterplan and supporting Development Control Plan to incorporate the recommendations of the technical studies and access arrangements - Further landholder consultations to gauge the willingness of owners to either develop the land or to bring the land to market - Identification and development of State and Local Development Contributions Plans/Arrangements towards the provision of essential infrastructure - Identification of the staging of the land release to align with essential infrastructure and capital works programming - Preparation of a Planning Proposal (LEP amendment) to reduce the minimum lot size and rationalise zoning to remove planning barriers to land release.	\$50,000 pa	2022/23-2023/24	General Revenue

Our strategy 2022-2026

BE1.2 We will encourage and implement progressive urban design, sensitive to environmental and heritage issues and maintaining local character.

Our actions			STRATEGIC PLAN	PRIMARY RESPONSIBILITY
Annual	BE1.2.1	Prepare, review and implement environmental and heritage development plans and strategies	Lithgow 2040 Local Strategic Planning Statement	Strategic Land Use Planning

A scenic landscape at sunset or sunrise. The sky is filled with dramatic, colorful clouds in shades of orange, yellow, and purple. A body of water is visible in the middle ground, reflecting the light from the sky. In the foreground, there are rolling green hills and a wooden fence. A small, leafless tree stands on the left side of the frame. The overall mood is peaceful and natural.

ENHANCING OUR NATURAL ENVIRONMENT

OUR 10 YEAR GOAL

To balance, protect and enhance our diverse environmental elements, both natural and built, for the enjoyment and support of both current and future generations.

Our plan 2022-2026

NE1 To conserve and preserve the natural environment whilst balancing the impact of development to ensure a sustainable and healthy community.

Our Strategies	Codes	Pages
• We will minimise the environmental footprint of the Lithgow region, live more sustainably and use resources more wisely.	SE1.4, BE3.1, NE1.1	75, 102, 110
• We will increase our resilience to natural hazards and climate change.	NE1.2	110
• We will be innovative and embrace new technologies in the management of our community's waste.	NE1.3	111-112
• We will encourage and implement ecotourism and adventure tourism, sensitive to environmental and heritage issues and maintaining local character.	NE1.4	112-113
• We will ensure planning and development activities provide a balance between the built and natural environments.	CC1.3, SE1.4, BE1.2, BE3.2, NE1.5	60, 75, 87 102, 113
• We will protect the Lithgow region's water supply.	BE2.4, NE1.6	92-94, 114
• We will protect and preserve the regions biodiversity.	NE2.1, NE2.2	116 - 117
• Improved air quality by reducing fossil fuel combustion.		

NE2 To work together to enhance, manage and maintain the Lithgow region's distinct and exceptional natural environment for the enjoyment of current and future generations.

Our Strategies	Codes	Pages
• We will work to implement weed management strategies across our local government area.	NE2.1	116
• We will protect and improve our natural areas and ecosystems, including Hassans Walls Reserve, Farmers Creek and other waterways.	NE2.2	116-117
• We will deliver sustainability and environmental education programs to local communities, groups and schools	NE2.3	117
• We will respect and protect the region's Aboriginal heritage assets.	CC2.1, NE2.4	61, 119

AREAS OF FOCUS

1. Develop a Climate Change Strategy
2. Create Ecotourism and Adventure Tourism opportunities
3. Tourism infrastructure that protects our natural environment
4. Develop bike/walking trails and connect communities
5. Farmers Creek - Revitalisation
 - Implement the environmental objectives of Farmers Creek Management plan.
 - Implement the Floodplain Management Plan.
6. Biodiversity Conservation
7. Mitigate losses in the natural environment against future development.
8. Waste & Recycling
9. Develop Fire Mitigation Strategies
 - Integrated fire trail & asset protection program across public and private lands.
 - Asset protection zones established.

Council functions that support our 10 year goal

- Environment and health programs
- Environmental regulation and management
- Floodplain management
- Weed management
- Farmers Creek Environmental Management
- Lake Pillans Wetland
- Lithgow Solid Waste Facility
- Waste and recycling services.

Activities delivered by Council every year

Throughout the year we will deliver waste, green waste and recycling services, provide a waste management facility at Lithgow and implement strategies to minimise costs and environmental impacts, including illegal dumping and recycling education.

We will partner in regional and State environmental programs, manage policies that reduce environmental impacts and increase sustainability, and maintain and improve our natural environment through revegetation, removal of environmental weeds and maintenance of trees on public lands and roadside vegetation.

Farmers Creek and its tributaries are the heart of Lithgow and we will work in partnership with Lithgow Oberon Landcare and Local Land Services to increase riverbank vegetation and reduce weeds, with other agencies to ensure the future management of the Farmers Creek and undertake water sampling of rivers and creeks to monitor their health.

We will implement water and sewer management plans. We will regulate on site sewage management systems and ensure that drainage catchments and stormwater management systems improve water quality and mitigate water wastage.

We will maintain the integrity of our Local Environment Plan in matters of land use planning and development and ensure that our rural lands are maintained through the development of our Rural and Residential Lands Strategy.

Our community will be our partners to build strong environmental stewardship through building a greater awareness of our natural environment, collaborating on environmental and sustainability programs and participating in environmental education and awareness programs and projects.

Our strategy 2022-2026

NE1.1 We will minimise the environmental footprint of the Lithgow region, live more sustainably and use resources more wisely

Our actions			STRATEGIC PLAN	PRIMARY RESPONSIBILITY
Annual	NE1.1.1	Implement an inspection regime of systems and take appropriate action where systems are failing. • Undertake 10 septic system inspections per month • Monitor service records for aerated wastewater systems (10 per week)	On-Site Sewerage Management Strategy	Water & Wastewater
Annual	NE1.1.2	Provide the Alternate Fuel Rebate for the replacement of coal heaters with cleaner heating alternative to Lithgow, Wallerawang, Portland and Villages.	N/A	Environment
Annual	NE1.1.3	Undertake energy audits of Council buildings/facilities and consider recommendations in the Operational Plan	N/A	Building & Facilities Management
Annual	NE12.4	Investigate energy efficiency opportunities at water and wastewater plants.	N/A	Water & Wastewater

Our strategy 2022-2026

NE1.2 We will increase our resilience to natural hazards and climate change

Our actions			STRATEGIC PLAN	PRIMARY RESPONSIBILITY
2022/23	NE1.2.1	Develop and implement a Climate Change Strategy	N/A	Corporate Strategy
2022/23	NE1.2.3	Undertake slope stabilisation	N/A	Infrastructure Services

Operational Plan Code 2022/23	MAJOR PROJECTS - CLIMATE CHANGE	TOTAL COST	DELIVERY PERIOD	FUNDING SOURCE
NE1.2.3.1	Wolgan Gap Stabilisation Stabilisation of Wolgan Gap after bushfire and flood damage	\$195,000 \$3,268,000	2022/23 2023/24	Grant funding Grant funding
NE1.2.3.2	Macaulay Street Stabilisation Stabilisation of Macaulay Street bank to protect residents from falling debris after bushfire and flood damage	\$1,359,000 \$768,000	2022/23 2023/24	Grant funding Grant funding

Our strategy 2022-2026

NE1.3 We will be innovative and embrace new technologies in the management of our community's waste.

Our actions			STRATEGIC PLAN	PRIMARY RESPONSIBILITY
Annual	NE1.3.1	Implement the Lithgow City Council Waste Strategy • Provide kerbside garbage disposal facilities within the Lithgow local government area: • <10 Kerbside collection bins reported as missed from collection per month. • >20% amount of kerbside collection waste diverted from landfill per annum. • Provide 4 greenwaste collection services to residents in Lithgow, Lidsdale, Marrangaroo, Portland, Rydal and Wallerawang per annum. • Provide 2 bulky waste collection services to residents per annum. • Assist in the provision of the annual Chemical Collection Service provided by Netwaste. • Attend meetings and participate in NetWaste Programs considered beneficial for the Lithgow LGA	Lithgow Waste Strategy	Waste Services

Operational Plan Code 2022/23	MAJOR PROJECTS - WASTE	TOTAL COST	DELIVERY PERIOD	FUNDING SOURCE
NE1.3.1.1	Implement Lithgow City Council Waste Strategy Programs may include: rehabilitation, additional security cameras, site maintenance/improvements, design works for landfill/transfer station improvements and/or additional resource recovery infrastructure.	\$250,000 \$200,000 \$210,000 \$270,000	2022/23 2023/24 2024/25 2025/26	Waste revenue/reserves
NE1.3.1.2	Rehabilitation of Wallerawang Landfill Wallerawang Landfill is scheduled to reach capacity by the end of 2022. At this time landfilling will cease and the site closed to the public. Rehabilitation will then be required.	\$500,000 \$200,000 \$20,000pa	2022/23 2023/24 2024/25-2025/26	Reserves
NE1.3.1.3	Portland Landfill operational setup Set up Portland Landfill for supervised operation including provision of plant on site.	\$50,000	2022-2023	Waste revenue/reserves

Note 1: Funding/projects identified for years 2023/24 - 2025/26 are indicative only and will be reviewed annually as part of Council's operational plan.

Operational Plan Code 2022/23	MAJOR PROJECTS - WASTE	TOTAL COST	DELIVERY PERIOD	FUNDING SOURCE
	Proposed closure and rehabilitation of Portland Landfill Closure and rehabilitation of Portland Landfill once landfill reaches capacity, expected in 2025.	\$2,040,000	2025/26	Waste revenue/ reserves
NE1.3.14	Rural landfill cell construction Construction of landfill cells at Portland and Capertee as needed.	\$50,000pa	2022/23-2026/27	Waste revenue/ reserves
NE1.3.15	Construction of primary rural transfer station - Feasibility Study Construction of a transfer station in preparation of closure of all rural landfills. NOTE: Within the next 4 years it is likely that landfill capacity in rural areas will be exhausted. Council must prepare for options once rural landfills are closed. A new waste transfer station is proposed at a suitable location to replace existing rural landfills. The project includes feasibility, design and approval process and construction of a waste transfer station.	\$50,000 \$250,000 \$3,500,000	2022/23 2023/24 2024/25	Waste revenue/ reserves
	Capertee Landfill closure and transfer station construction Closure of Capertee Landfill due to environmental impacts, construction of transfer station and rehabilitation of landfill.	\$500,000 \$20,000pa	2023/24 2024/25-2026/27	Waste revenue/ reserves
NE1.31.6	Lithgow Landfill leachate barrier system Design and construction of a leachate barrier system for Lithgow Landfill.	\$50,000 \$700,000 pa	2022/23 2022/24 - 2024/25	Waste revenue/ reserves
	Lithgow Solid Waste Facility Weighbridge and gatehouse upgrade	\$200,000	2023/24	Waste revenue/ reserves
	Setup of Food Organics Garden Organics (FOGO) service including provision of a an additional green lidded bin for FOGO	\$500,000	2023-2024	State Government Grant

Our strategy 2022-2026

NE1.4 We will encourage and implement ecotourism and adventure tourism, sensitive to environmental and heritage issues and maintaining local character.

Operational Plan Code 2022/23	MAJOR PROJECTS - ENVIRONMENT	TOTAL COST	DELIVERY PERIOD	FUNDING SOURCE
	Environmental Studies - Hassans Walls Reserve * Undertake a Flora & Fauna Survey and Recreational Trails Audit on Hassans Walls Reserve. Note: This project is subject to grant funding.	\$180,000	2022/23	Grant funding *

Operational Plan Code 2022/23	MAJOR PROJECTS - ENVIRONMENT	TOTAL COST	DELIVERY PERIOD	FUNDING SOURCE
	Mountain Bike Infrastructure *	\$450,000	2023/24	Grant funding *
	Funding to be investigated following findings of Environmental Studies - Hassans Walls	\$50,000	2024/25	
	Reserve create mountain bike tracks across the LGA in council controlled areas to tap into the huge domestic and international market for Mountain Bike Tourism	\$20,000	2025/26	

Our strategy 2022-2026

NE1.5 We will ensure planning and development activities provide a balance between the built and natural environments.

Our actions			STRATEGIC PLAN	PRIMARY RESPONSIBILITY
Annual	NE2.5.1	Continue to forward plan and improve the capacity and resilience of Lithgow's stormwater infrastructure in line with ongoing development and growth of the city. Provide stormwater infrastructure to allow for sustainable growth and development of the area and alleviate flooding.	N/A	Infrastructure Services

Operational Plan Code 2022/23	MAJOR PROJECTS - STORMWATER (SPECIAL RATE VARIATION)	TOTAL COST	DELIVERY PERIOD	FUNDING SOURCE
NE1.5.1.1	Stormwater Maintenance General asset drainage maintenance	\$17,915	2022/23	Special Rate Variation
NE1.5.2.2	Stormwater Drainage Renewal - Kerb & gutter Repair of existing and installation of new (where required) urban/rural drainage infrastructure	\$79,349	2022/23	Special Rate Variation
NE1.5.2.3	Main Street/Cupro Street Stormwater Improvements * Major stormwater improvements to decrease flooding impacts and improve hydraulic flows in the urban stormwater network	\$1,300,000	2022/23	Grant funding *

Note *: Will only proceed if Council is successful in obtaining grant funding

Our strategy 2022-2026

NE1.6 We will protect the Lithgow region's water supply

Our actions			STRATEGIC PLAN	PRIMARY RESPONSIBILITY
Annual	NE1.6.1	Undertake a Water Loss Management Program and implementation of its actions to achieve a reduction in Unaccounted for Water to less than 25%.	Water Loss Management Plan	Water & Wastewater
Annual	NE1.6.2	Provide drinking water to residents with the Farmers Creek Reticulated Supply System in accordance with the Australian Drinking Water Guidelines.	N/A	Water & Wastewater
Annual	NE1.6.3	Conduct routine monitoring of Council's reticulated drinking water supplies as part of the NSW Health Drinking Water Monitoring Program.	N/A	Water & Wastewater
Annual	NE1.6.4	Purchase water from State Water to supply Cullen Bullen, Glen Davis, Lidsdale, Portland, Wallerawang and Marrangaroo. • Total kilolitres of water purchased per annum	N/A	Water & Wastewater
Annual	NE1.6.5	Develop and review plans and strategies to ensure water security for the Lithgow region.	N/A	Strategic Land Use Planning Water & Wastewater
2022/23	NE1.6.6	Setup and implement Infrastructure Data SaaS Operations and Compliance system for Water and Wastewater operations.	N/A	Water & Wastewater

Operational Plan Code 2022/23	MAJOR PROJECTS - WATER	TOTAL COST	DELIVERY PERIOD	FUNDING SOURCE
NE1.6.6	- Infrastructure Data SaaS Setup - Annual Subscription	\$125,786 \$59,537pa	2022/23 2023/24-2025/26	Water & Wastewater Revenue
	Urban Waterways and Riparian Area Study External consultancy to identify urban waterways and riparian areas; future protection, conservation and management issues and integration with green open space grid.	\$20,000	2023/24	General Revenue

*The natural environment, beautiful
area and scenery is one of the most
love aspects of living in the Lithgow
LGA.*

Community Satisfaction Survey 2022

Our strategy 2022-2026

NE2.1 We will work with local partners and authorities to implement weed management strategies across our local government area.

		Our actions	STRATEGIC PLAN	PRIMARY RESPONSIBILITY
Annual	NE2.1.1	Control environmental and/or noxious weeds on public land (priority public roads and open spaces) through Council programs and/or services provided by the Upper Macquarie County Council.	N/A	Recreation

Our strategy 2022-2026

AREAS OF FOCUS

1. Improving communication with our community.
2. Provision of timely, efficient and consistent quality customer service.
3. Financial sustainability
4. Councillors working together

Council functions that support our 10 year goal

- Asset management (including community and property)
- Communication and information
- Community engagement
- Corporate planning and reporting
- Customer service
- Emergency planning and management
- Financial management
- Governance and legislative compliance
- Information management
- Organisational efficiency and performance
- Purchasing
- Risk management and insurance
- Technology infrastructure and solutions
- Workforce safety and management

Activities delivered by Council every year

Throughout the year we will support our community leaders, who represent a diverse cross section of our local government area including businesses, sporting bodies, community groups and individuals, through programs and opportunities for connection and recognition. We will support our Councilors through a program of professional development that enhances their ability to undertake their challenging and important roles.

We will draw on the input of our community to ensure decision making is contemporary and responsive, and that our systems support transparent, accessible and accountable decision making and improved stakeholder experience.

Our financial, economic, social, governance and environmental decision making will be underpinned by the principles of sustainability and through the application of asset management practices that ensure we are maintaining our community assets for long term benefit.

We will partner with state and regional bodies, and with other regional council's and community providers, to maximise services and we will explore opportunities to fund improved infrastructure and services.

We will encourage innovation and continuous improvement of work practices and ensure our staff have the skills they need to optimise the delivery of services to our growing community.
